Parkview

What makes Morton Grove special is we have nice teachers and nice schools. Our teachers are hardworking and they care about us. Our schools are nice because they are clean and safe.

We have a lot of nice parks. There are a lot of parks to choose from. My favorite park is Harper Park because it has monkey bars.

Morton Grove is special because of their special events like the back to school bash. Concert in the park is fun every week. The pumpkin smash because seeing pumpkins getting smashed is cool. I love when Santa comes to town.

Morton Grove is special because we have a fire department and police department. Public works is doing a good job when they clean the street. The police and firefighters are keeping us safe from not safe things.

Morton Grove is special because we have a big library. The library has fun things to do like read to a rainbow dog, summer reading program, book mark challenge, and craft classes. The library has so many books.

In conclusion Molton Grove is so special
for so many reasons. I have lived here for
ten years. I love molton Grove!
